

## ホームページを開設しました！

この度、提携しているヨーロッパや北米の各社の製品をよりスピーディーに、かつ多くの方に知って貰うために、ホームページを開設しました。

今後は、弊社のニュースだけではなく、提携各社の最新ニュースや技術情報もタイムリーに掲載して行きたいと考えています。

The screenshot shows the homepage of Bau-Engineering. At the top, there is a navigation bar with the company logo and name in both English and Japanese. Below this is a large banner image featuring industrial machinery with the text '海外技術・工法の調査・紹介・導入支援' (Investigation, Introduction, and Support for Overseas Technology and Construction Methods) and a button '会社概要を見る' (View Company Profile). The main content area is divided into sections: 'About Us' (with a sub-header 'バウ・エンジニアリングについて'), 'Latest News' (with a sub-header '最新ニュース'), and 'Contact & Access' (with a sub-header 'お問い合わせのアクセス'). The 'About Us' section contains introductory text about the company's history and services. The 'Latest News' section lists two news items with dates. The 'Contact & Access' section includes a map of the company's location in Tokyo, contact information (phone and fax numbers), and a button for 'お問い合わせフォーム' (Contact Form). At the bottom, there are two buttons for '事業概要' (Business Overview) and '取引先紹介' (Introduction of Clients/Partners), and a footer with the company name, address, and copyright notice.
